Summary

I am a self-taught full stack developer who holds a Bachelor of Science degree in Geophysics. Throughout my journey, I have consistently found coding to be an intuitive process, and I have constantly pushed myself to explore and learn the most efficient methods to achieve desired results.

Education

Bachelor of Science in Geophysics (2016 – 2021)

University Of Lagos, Lagos, Nigeria.

Relevant Skills

- Proficient in JavaScript, Node.js, and MySQL, with a solid understanding of web development principles and best practices.
- Experience with front-end technologies such as HTML5, CSS3, and modern JavaScript frameworks (e.g., React, Angular, Vue.js).
- Strong knowledge of server-side development and RESTful APIs.
- Familiarity with version control systems (Git).
- Excellent problem-solving abilities and a strong attention to detail.
- Ability to work independently and as part of a team, with effective communication and collaboration skills.

Professional Experience

Freelance (2021 – present)

- Successfully completed multiple freelance projects, developing web applications for clients using JavaScript, Node.js, and MySQL.
- Collaborated closely with clients to understand their requirements and deliver tailored solutions to meet their business objectives.
- Utilized agile development methodologies to ensure timely delivery of projects and effective communication throughout the development process.
- Implemented responsive design principles to ensure optimal user experiences across different devices and screen sizes.

Technical Skills

Programming Languages: JavaScript, HTML5, CSS3, PHP

Frameworks and Libraries:

Node.js, Express.js, React, Next.js

Databases: MySQL, MongoDB

Version Control: Git Other Tools: Visual Studio Code, Postman, NPM, firebase, RESTful APIs

Further Education

HarvardX

CS50's Introduction to Computer Science (lectures).

FreeCodeCamp

- Responsive Web Design
- · JavaScript Algorithms and **Data Structures**
- Frontend Libraries

Udemy

- · JavaScript: The **Advanced Concepts**
- Advanced CSS and Sass

Interests

Music, reading, video games, anime.
